

*Jennifer Handler, Oli mother and new board of trustees member, shares how her son, Charles, regained his confidence, hope, and love for life after attending the Oliverian School.*

### **Join the Handler Family in Support of the Oliverian Scholarship Fund!**

As a not-for-profit independent school, Oliverian School depends on friends like you to help make our services accessible to deserving students who otherwise could not afford a life-changing Oli education.

Every year, Oliverian receives generous gifts from currently enrolled families, grateful alums, faculty members, trustees, foundations, and even current students. All unrestricted gifts go directly to our Oli Scholars fund, which provides meaningful scholarships to promising students who otherwise could not attend Oliverian. Our goal is to raise \$86,000 for these merit + need-based scholarships. Please help us achieve this ambitious goal! This new focus on scholarships is at the enthusiastic request of students and faculty who have seen firsthand the profound impact of financial aid on the lives of student in need.

It is easier than ever to give online in any amount----as either a one-time or recurring monthly gift (with automatically generated receipts). All gifts to Oliverian School (a 501(c)3) are, as always, tax deductible.

Thank you in advance for your generous gift, which will help a deserving but financially challenged student find their place in the world----and at Oliverian!

Warmly and hopefully,

*Will*
